

## LEAVING YOUR BIKE AT NORTHERN RAIL'S STATIONS

And

## CYCLE ROUTES TO and FROM NORTHERN RAIL'S STATIONS

**CYCLE PARKING** If you are commuting you may prefer to leave your bike at the station rather than try to squeeze it onto a full train. Some people even leave an old bike at their destination station to continue their journey. This list details what is available at Stations. Many have RACKS to lock your bike against, some have secure LOCKERS. The lockers may be available on a first come – first served basis OR you may need to book a week or longer at a time. Some lockers are FREE, but you must bring your own strong lock. PRE-PAY lockers have to be booked beforehand – contact the telephone number listed or the email address.

**CYCLE ROUTES** The Government's Rail White Paper envisages safe walking and cycling routes to many stations. An increasing number of local councils are signing routes to stations, but there is a long way to go. Where known we have included a few here, but most of our list is of NATIONAL CYCLE ROUTES that pass stations or are fairly near. To find out if your station has a local or National route nearby go to <http://www.sustrans.org.uk/>, click on the 'Get Cycling' link and then enter the Northern station Post Code in the box, and the resulting map will show any cycle routes.

NOVEMBER 2007

PLEASE NOTE: This list has been prepared on behalf of the NORTHERN CYCLE USERS FORUM (a regular meeting of cyclists representatives, local authorities and other bodies and is hosted and chaired by Northern Rail – ATOC Cycle /Rail Awards "Train Operator of the Year 2007").  
Information collected from various sources by volunteers from CTC and Sustrans and presented by Simon Geller and Martin Bright – Awarded "Highly Commended" in ATOC Cycle/Rail 2007.
